THE WORLD'S MOST ADVANCED ETHICAL HACKING & PENETRATION TESTING PROGRAM

Course Description

The Certified Ethical Hacker program is the pinnacle of the most desired information security training program any information security professional will ever want to be in. To master the hacking technologies, you will need to become one, but an ethical one! The accredited course provides the advanced hacking tools and techniques used by hackers and information security professionals alike to break into an organization. As we put it, "To beat a hacker, you need to think like a hacker". This course will immerse you into the Hacker mindset so that you will be able to defend against future attacks. The security mindset in any organization must not be limited to the silos of a certain vendor, technologies or pieces of equipment.

This ethical hacking course puts you in the driver's seat of a hands-on environment with a systematic process. Here, you will be exposed to an entirely different way of achieving optimal information security posture in their organization; by hacking it! You will scan, test, hack and secure your own systems. You will be thought the five phases of ethical hacking and thought how you can approach your target and succeed at breaking in every time! The five phases include Reconnaissance, Gaining Access, Enumeration, Maintaining Access, and covering your tracks.

Who Should Attend

The Certified Ethical Hacking training course will significantly benefit security officers, auditors, security professionals, site administrators, and anyone who is concerned about the integrity of the network infrastructure

Modules Covered

- Introduction to Ethical Hacking
- Footprinting and Reconnaissance
- Scanning Networks
- Enumeration
- System Hacking
- Malware Threats
- Sniffing
- Social Engineering
- Denial of Service
- Session Hijacking
- Hacking Web Servers
- Hacking Web Applications
- SQL Injection
- Hacking Wireless Networks
- Hacking Mobile Platforms
- Evading IDS, Firewalls, and Honeypots
- Cloud Computing
- Cryptography

Post Training Program (CODEC Networks Specialty)

- Live Project Work
- Extensive Exam Preparation Classroom Training
- Internship Opportunity with experts and R&D team.
- Placement Assistance **
- Discount Vouchers up to 15 - 25% for further training

Course Duration

- **Fast Track:** 5 Days (8 Hours/Day)
- **Regular Track:** 5 Weeks (3 Hours/Day)
- **Weekend Track:** 8 Weekends (4 Hours/Day)

Certification Exam Info

- **Exam Type:** EC-Council Certification
- **Exam Name:** CEH (312-50) Exam
- **Exam Duration:** 4 Hours
- **Passing Score:** 70%
- **Number of Question:** 125 Nos.
- **Test Format:** Multiple Choice
- **Test Delivery:** Prime Prometric (IBT)

Kits Include

- EC-Council Authorized Training Material (3 Books)
- EC-Council Authorized Electronic Courseware, Lab Manuals & Tools
- Hand-over Labs & Practical's Checklist for review
- CEH Certification from EC-Council
- Training certificate from CODEC Networks
